Examiner: O'hara E.B.

For: ANTIBODIES AGAINST LIGAND FOR RECEPTOR ACTIVATOR OF NF- κ B

SUPPLEMENTAL
INFORMATION DISCLOSURE STATEMENT

BOX NON-FEE
Commissioner of Patents
Washington, DC 20231

RECEIVED
MAR 07 2003
TECH CENTER 1600/2900

Pursuant to the duty of disclosure as set forth in 37 C.F.R. §1.56, §1.97 and §1.98, applicant hereby discloses a publication known to him which may be material to the patentability of this invention. The publication is listed on the attached Form PTO-1449 and a copy is enclosed. The aforesaid publication is made known to the Patent and Trademark Office in compliance with applicant's duty to disclose all information he is aware of which may be material to the examination of the above-identified application. Kindly acknowledge receipt of this Statement and make the cited reference of record in the subject application.

Submission of this publication does not constitute an admission that it is "prior art" under 35 U.S.C. §102 or §103, and applicant further reserves the right to antedate any such material as by a showing under 37 C.F.R. §1.131 or other method.

In accord with 37 C.F.R. §1.97(e)(2), no item set forth on the attached form PTO-1449 was cited in a communication from a foreign patent office in a counterpart foreign application or, after making reasonable inquiry, was known to any individual designated in 37 C.F.R. § 1.56(c) more than three months prior to the filing of this Supplemental Information Disclosure Statement.

No fee under 37 C.F.R. 1.17(p) is believed to be required since, in accord with 37 C.F.R. § 1.97(c), the submission of the publication listed on the Form PTO-1449 is made before a final office action on the merits or a notice of allowance has been mailed

and other requirements of this paragraph have been met. However, should it be determined that a fee is necessary, applicant authorizes the Commissioner to charge applicant's deposit account no. 09-0089 in an amount necessary to permit consideration of this Supplemental Information Disclosure Statement.

Respectfully submitted,

Diana K. Sheiness, Ph.D.
